MEMORANDUM FOR THE RECORD

SUBJECT: Formation and First Meeting of Working Group on Transition to Federal ADP Standards, U.S. Department of Commerce

I called Mr. Griffin of the NBS staff on Friday 19 July to indicate that [REDACTED] would represent the Agency on the subject working group. I told Mr. Griffin that I rather hoped where there might be specific agency interest in the transitional steps to Federal Standards that [REDACTED] could bring along with him experts from individual components in the agency interested in the transition. Mr. Griffin indicated this would be completely appropriate, saying that he had assumed that most agencies would want representational flexibility on this matter.
